Özet

I am a passionate Software Developer student dedicated to building scalable and user-centric web applications. With a solid foundation in both frontend and backend technologies, I enjoy solving complex problems through clean code and modern design principles.

My technical toolkit includes [JavaScript, React, C#,C,C++ and Python]. I am constantly learning new technologies and applying them to real-world projects to improve my development skills.
I am currently seeking a internship where I can contribute to a professional team and further enhance my technical expertise.

Key Skills:
Frontend: HTML5, CSS3, JavaScript (ES6+), React
Backend:Web APIs, SQL Server
Tools: Git, GitHub, Postman, VS Code
